## Theme Settings for the Bytes Product Reviews App

This document provides the necessary information about the theme settings required to enable the Bytes Product Reviews on your Product Detail page and Pages.

# Steps for app block (Shopify 2.0 theme)

#### Step 1

Login into your store as an Admin user.

#### Step 2

Click on the *"Themes"* link under the Online Store option from the left sidebar. You will be able to see the list of themes as well as the current Live theme of your store.

#### Step 3

At this point, you can proceed to make changes to the Live theme. Click on the "*Customize*" button. It will redirect you to the theme-related settings page.

#### Step 4

Now select the "*Default product*" page option from the top middle select box as shown below. It will open the product detail page settings.

### Step 5

Click on the "Add sections" link under the "Product information" option. It will open different options to add in this section like theme blocks, Apps, etc...
